WE'RE CHENMED. And we're on a mission.

Be a part of something big. Something bigger than yourself or a career.

We're selecting talented, committed, mission-driven future leaders and accelerating their careers by placing them in life-altering positions of responsibility.

We accept the elite few who will work side by side with value-based care experts to learn every facet of our unique healthcare model.

Welcome. Your life and the lives of people all across America, will never be the same.

Sincerely,

A handwritten signature in black ink, appearing to read 'Chris Chen'.

Chris Chen, MD
CEO, ChenMed

ChenMed Accelerated Leadership Academy

You have the opportunity to become a leader at ChenMed as our patient-centered, value-based healthcare transforms primary care in America.

Your academy program provides hands-on training and experience with ChenMed's data tools, operations, network, project management and more. You'll learn all the complexities of Medicare advantage under the guidance of company founder, Dr. Jen Ling James Chen.

Upon completion, we'll help you select your development path targeting your personal strengths and goals.

Accelerated Leadership Academy Job Disciplines

The Academy is designed for recent graduates looking for a leadership career in a specific area of business.

Here, you'll develop the skills and capabilities needed to lead a department in our fast-growing mission.

You'll rotate through four COE's (Center of Excellence):

Clinical

Clinical COE tracks clinical performance and efficiency.

Learn to collaborate with clinical and nonclinical leaders as you learn the core model processes, performance management and clinical leader training.

Network

Network COE builds relationships with payors and non-PCP providers to deliver highest service at lowest possible cost.

You'll learn how to assess, select and manage specialists, hospitals and post-acute care options.

Finance

Finance COE works with leaders to stay on budget.

You'll learn performance optimization for markets and centers, engage in modeling ROI initiatives and help create means of measurement.

Operations

Operations COE evaluates various metrics like incomes, expenses and efficiency.

In the medical center you'll experience the many roles in our model of care. You'll be the primary resource for operational leaders needing data and measurement.

WE'RE CHENMED.

We're on a mission to transform healthcare for patients — and physicians.

With love, passion, and accountability our physician-led approach delivers VIP, coordinated, preventive primary care that works.

For everyone.

“Through our unique philosophy and primary-care model, our physicians guide a multidisciplinary care team, serving as “quarterback” for complete, coordinated patient care.”

GORDON CHEN, MD
Chief Medical Officer, ChenMed

VISION

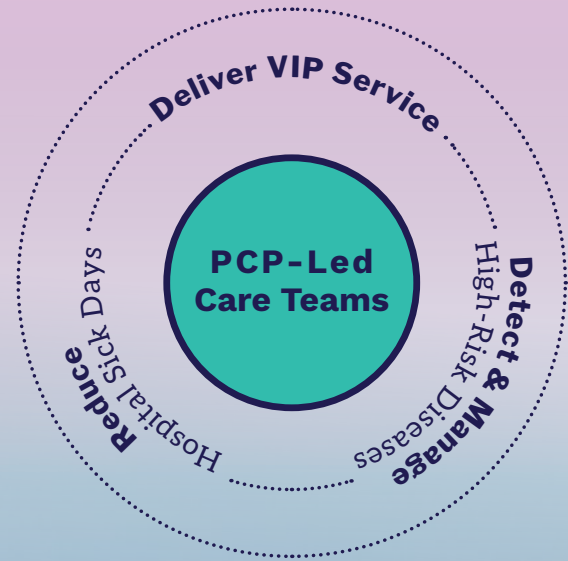

To be America's leading primary care provider, transforming the care of the neediest populations.

MISSION

We honor Seniors with affordable VIP care that delivers better health.

VALUES

Love, Accountability and Passion.

ChenMed Alumni Fellows

Benjamin Todd
HARVARD
UNIVERSITY

The Leader Fellow program was the perfect opportunity for me. I knew that I wanted to work in value-based care and provide healthcare for the underserved, but wasn't sure how I could provide the most value."

Madeline Haftel
CORNELL
UNIVERSITY

This program gave me the ability to "see under the hood" of ChenMed and understand how the data being collected really drove the strategy, growth, and success of the organization."

Cody Bonvouloir
GEORGIA STATE
UNIVERSITY

I really appreciated how we were able to pursue our interests and explore different roles before choosing our path post-fellowship."

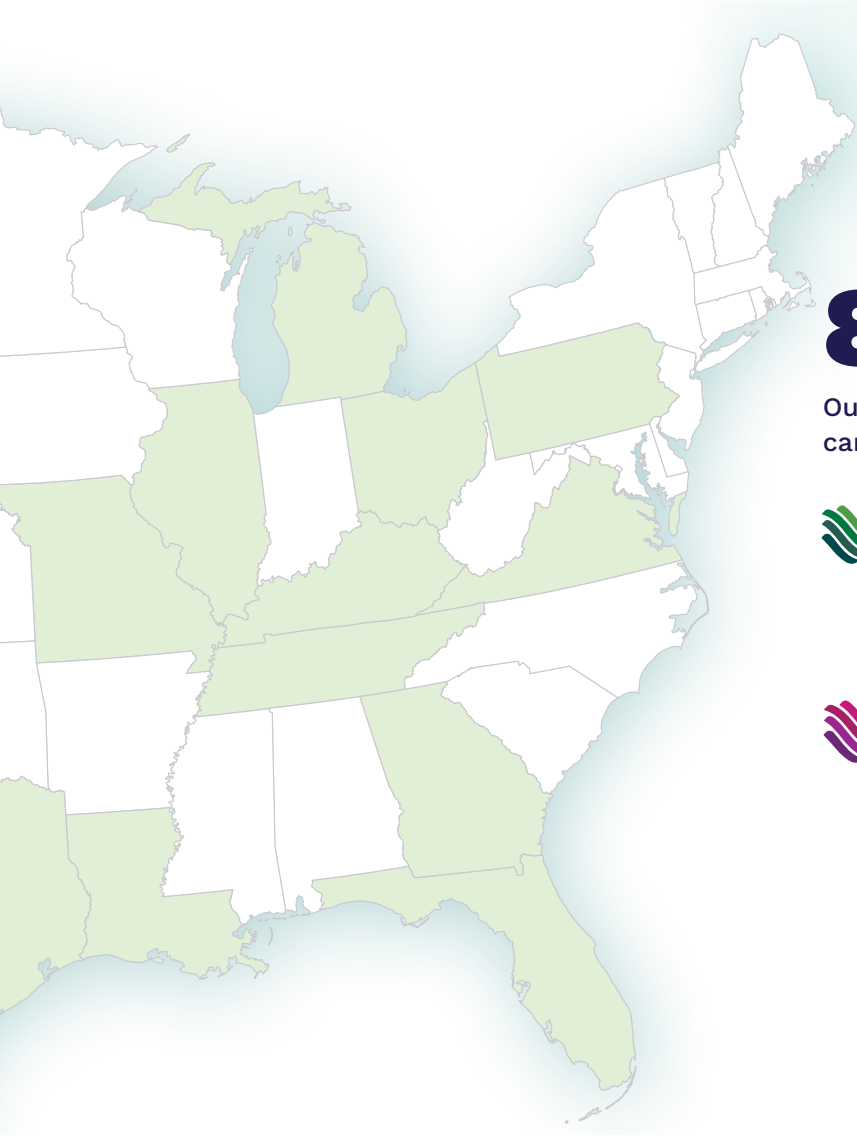

Alexandra King
BROWN
UNIVERSITY

Unsure of where I wanted to start my career, the Leader Fellow program gave me the unique opportunity to explore different paths in a rapidly growing organization--with rotations in many areas, such as finance and operations."
