

More than ever, our PCPs are the preferred choice.

Questions to ask your clients to learn if they need better care:

- 1 Does your provider's office offer phone or tele-video visits?
- 2 Does your provider offer same-day or next-day walk in appointments?
- 3 Are you able to call your provider's office anytime, day or night?
- 4 When you call after hours, are the phones answered by team members rather than an answering service?
- 5 Does your doctor provide medication services right in their medical center?
- 6 Does your provider help coordinate all your specialist care?
- 7 Does your provider help coordinate transportation for your in-center doctor appointments?

Services may vary by location and are subject to change without notice. Limitations, co-payments, and restrictions may apply. Some services are not covered under all plans. Check plan documents for details.
